exclusive and influential peer-networking group of authority leaders in marketing under the direction of a rotating board of advisors and an annually elected chairperson. The CMO Council is an invitation-only affinity group working to further the stature, credibility, influence and understanding of the strategic marketing function among business executives, opinion leaders and critical stakeholders. # CMO COUNCIL CONCEPT

# LOGO + USAGE GUIDELINES

# LOGO

The CMO Council logo is a vital component of the CMO Council brand identity. As such, it needs to be used appropriately and consistently across all printed and on-screen applications. Misuse of the logo will weaken the messaging of the CMO Council. In order to preserve consistency with our identity, never attempt to recreate the logo. The proportions and position of the symbol to the logotype should never be altered.

The following guidelines should be followed whenever creating original printed or on-screen pieces for the CMO COUNCIL.

## Logotype

This logotype was created using a custom typeface. It has been converted to outlines, so you do not need this font for reproduction. Please do not try to recreate the logo.

## Bug

The bug consists of a red circle and three white letterforms inside of it. It should never be altered or recreated.

## Registered Trademark

This legal superscript is an important part of the logo and should never be removed.

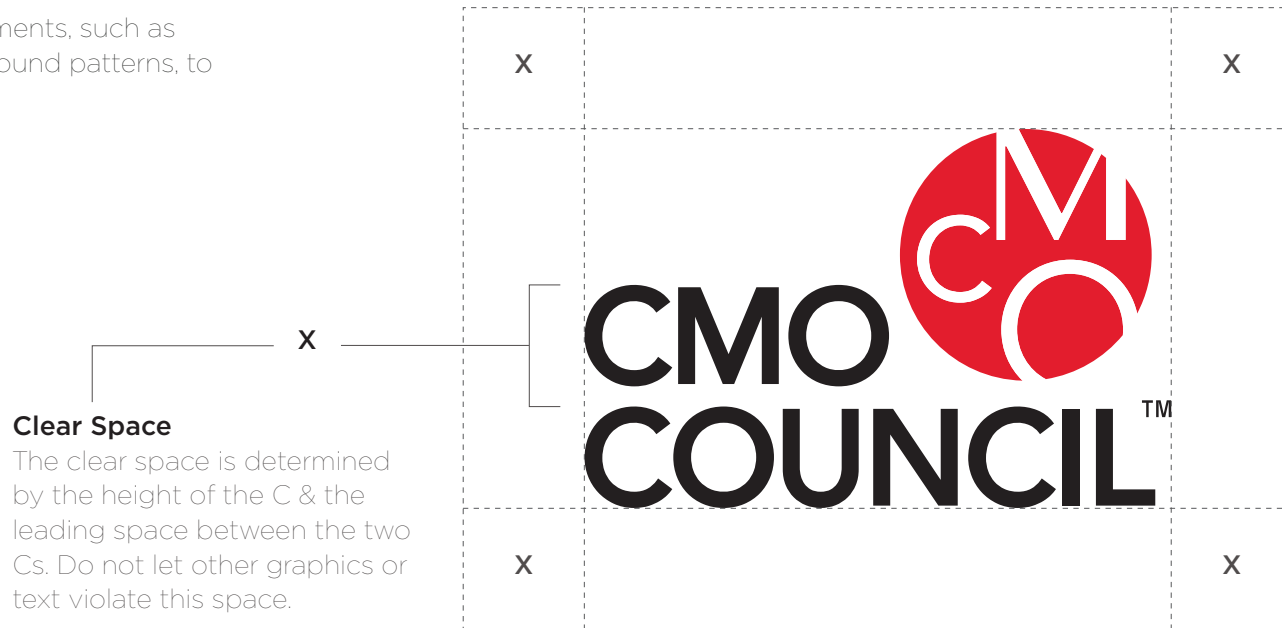

# LOGO + USAGE GUIDELINES

## CLEAR SPACE

A clear space is defined to maintained the signature's integrity. If the minimum clear space is not applied, the signature's impact will be compromised.

Do not allow any graphic elements, such as copy, photography or background patterns, to clutter up the clear space.

# LOGO + USAGE GUIDELINES

## TAGLINE

The tagline should be used in conjunction with the CMO Council signature whenever possible. The font used is Univers Medium tracked. Should the signature be 3/4 of an inch or smaller, use the signature without the tagline.

This logo is distributed by Marketing Creative Services upon request. Please do not attempt to recreate this yourself.

### Tagline

This tagline was created using Avenir Book but was converted to outline so you won't need the font for reproduction. It is always positioned under the logotype and aligned left.

If the logo is 3/4 of an inch tall, or smaller do not use the signature with the tagline. Instead, use the logo without the tagline for better readability.

# LOGO

# COLOR VARIATIONS

The preferred background color for the CMO Council signature is white. If using a background color other than white, a 10-30% tint is preferred. If the background is darker than 70%, use a Negative or 1-Color Negative logo to increase contrast. Avoid solid color backgrounds that wash out the logo. These tints range between 40-60%. If the CMO Council logo must be on a red background, be sure to use a Negative Color logo (ref. page 15).

When placing the CMO Council logo on a photographic image, the background should always provide sufficient contrast to the signature. Textured backgrounds should be subdued and should never compete visually with the signature.

White background is always preferred.

## SPECIAL CASE: USING OTHER FONTS

In the rare instance that a font becomes part of a graphical illustration in a multimedia or campaign communication, it may become necessary to use a font other than CMO Council main font . In these cases, always ensure you are using a high quality font that complements CMO Council brand fonts.

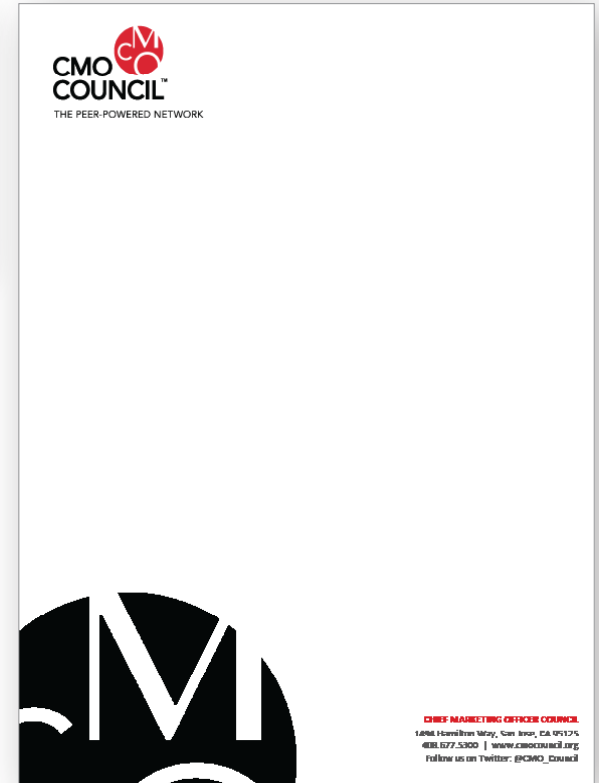

# TYPOGRAPHY

# GRAPHIC ELEMENT

# CMO COUNCIL BUG AS A GRAPHIC ELEMENT

We don't allow to use a CMO Council red bug separately from the logo itself.

At the same time, we are using a cropped version of this graphic element on the CMO Council stationary. This is a unique application and is not allowed to be replicated on any other materials.

# GRAPHIC ELEMENT

# IMAGERY + GRAPHICS

## GENERAL

Imagery plays an important role in CMO Council brand as integral part of its own brand identity and also part of authority leadership content CMO Council produces.

CMO Council content includes programs, initiatives, and campaigns; online and live events; reports, white papers, infographics; CMO Council website, microsites, print and digital publications, marketing and advertising; co-sponsored content, etc.

The variety of content requires different approaches in imagery usage and a certain design freedom for making each piece unique and interesting to those who consume this content.

To ensure brand integrity of the CMO Council assets, it is important that the imagery can be described as:

- **Bold:** This is the marketing industry. Bold imagery captivates viewers.
- **Intelligent:** Clever and intelligent uses of imagery, whether it is a metaphor or simply a goofy character.
- **Practical:** If layering type over your imagery, Photoshop shades of light or dark to increase the contrast and readability. Be subtle and elegant or else this tactic will look outdated and cheesy.
- **Modern:** Use modern and on-trend images and techniques to best represent the brand.

# IMAGERY + GRAPHICS

# PHOTOGRAPHY

Photography style for CMO Council as an organization is reflecting reflecting its values, mission, status and audience.

- **Style:** Clean and in-focus, sharp and crisp
- **Content:** Business leaders collaborating, having a dialogue or exchanging opinions. Image to reflect global and diverse nature of CMO Council membership base. The details of the photo such as interior, furniture, clothing, devices and electronics used - are modern, and up-to-date.
- **Composition:** The powerful and interesting composition, cropping and angle of the photo is dictated by the need of the creative and meda. We also like to use image composites as a powerful way to convey a message.
- **Effects:** For certain type of collateral we allow to use such effects as color shading to allow the white text over the image.

# IMAGERY + GRAPHICS

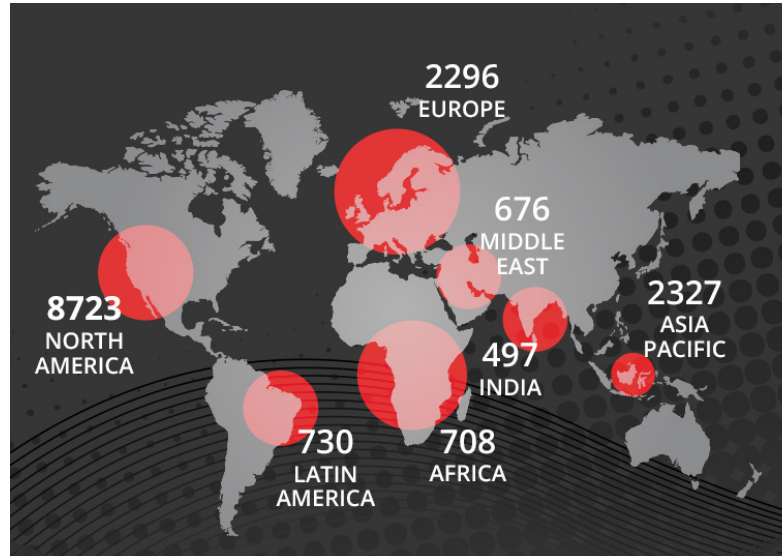

# GRAPHIC ILLUSTRATIONS

CMO Council generates a great variety of content that requires the variety of ways to illustrate it. Graphic illustration is an effective way to visually convey business concepts and ideas sometime impossible to illustrate with photography..

Graphic illustrations are widely used across such types of applications as CMO Council powerpoints, reports and infographics as well as online banners and other digital assets on the website as necessary.

The style of graphic illustrations we use is flat, minimalistic and concise.

Designer needs to make sure to always include a CMOC Red (see p.12) into a graphic design for our materials to create the connection with the brand.

# IMAGERY+ GRAPHICS

# ICONS

Icons play a large role in the CMO Council brand identity. Icons are to assist and guide the user through the hierarchy of content whether it is digital - CMO Council's website, or print - reports, infographic, presentations, etc.

Our brand icons are designed to reinforce the identity style of CMO Council. They are flat, linear, and made in the colors of primary palette (see p. 12 of this document).
